

LoveHateHero, Red Dress

I feel there's something here,
But I don't know.
My heart beats quicker, now...
Because of you.
You're the girl with the red dress on,
You're the girl I've dreamed about...
Drifting away.
Whoa, we're not alone, just you and me, baby.
Take you home.
(Don't tell me you're not)
I'm so in love
With the thought of loving you, baby.
Head to toe
My heart beats quicker, now.
My heart beats fast for you.
You leave me speechless, and so afraid.
Being rejected by you means everything.
You're the girl with the red dress on,
You're the girl I've dreamed about...
Drifting away.
Whoa, we're not alone, just you and me, baby.
Take you home.
(Don't tell me you're not)
I'm so in love
With the thought of loving you, baby.
Head to toe
My heart beats quicker, now.
My heart beats fast for you.
Drifting away, I dream of a day, on kissing the pain away.
Kissing the pain, I dream of a day on kissing the pain away.
(I'll kiss the pain away).
[x2]
Whoa, we're not alone, just you and me, baby.
Take you home.
(Don't tell me you're not)
I'm so in love
With the thought of loving you, baby.
Head to toe
Whoa, we're not alone, just you and me, baby.
Take you home.
(Don't tell me you're not)
I'm so in love
With the thought of loving you, baby.
Head to toe
My heart beats quicker, now.
My heart beats fast for you.
