

Loveless, I Hope I'm Not Sick

don't even like this
swear it isn't mine
know it's not becoming
no, it isn't fine
wish that i could be somebody else
anybody, just somebody else

i hope i'm not sick
i dream in broken promises
that start to set in
i wish that i could let me win

caught, got me cut off
from the life in my veins now
locked up in a coin toss
to get up or stay down
wish that i could be somebody else
anybody else, 'cause i can't do this myself

i hope i'm not sick
i dream in broken promises
that start to set in
i wish that i could let me win

i'll take anything i can get
'cause it's not safe
in the back of my head
rollercoaster type reaction
get me off, i feel like crashing
never finding satisfaction

i hope i'm not sick
i dream in broken promises
that start to set in
i wish that i could let me win
