

Loverboy, Gangs In The Streets

ohhh whoa

Put your hands in the air
You better take care
It's your money or your life
Don't think twice

Gonna get what they need
And ain't nothing but greed
Better watch what you do
Or you know that you're through

What would you do
If they were lookin at you?
What would you say
If they were walkin your way?

Looks like there's gonna be a showdown
You better not slow down
Better watch what you say yeah
Cause you know they're not playin'

Don't you look over there
You better not stare
Your down on your knees
Your beggin' them please

Gangs in the street
Lookin' for you
Lookin' for me
Gangs in the street
Ready for you
And they're ready for me

Gangs in the street
Lookin' for you
Lookin' for me
Gangs in the street
Ready for you
And they're ready for me

Gangs in the street
Lookin' for you
Lookin' for me
Gangs in the street
Ready for you
And they're ready for me

Put your hands in the air
You better take care
It's your money or your life
Don't think twice

Better watch what you say
Or you know that you'll pay
Better watch what you do
Or you know that you're through

Gangs in the street
Lookin' for you
Gangs in the street
Lookin' for me
Gangs in the streets
Hey, you lookin' for me?

Gangs in the street
We're gonna see
