

# Loverboy, Passion Pit

I'll try anything once  
Cause that's my choice  
Ain't got time for jokin'  
Getting straight to the point  
Drive a hard, hard bargain  
You get closer to the bone  
If you're thinkin' what I'm thinkin'  
You don't wanna be alone

Bridge:

I'm in heaven when I'm lovin' you  
I'm in heaven tell you what we'll do

Chorus:

Down in the passion pit  
Where everyone gets a hit  
Down in the passion pit  
Where everything seems to fit

You know the tough get goin'  
When the goin' gets tough  
I'm looking for some lovin', can't seem to get enough  
Too much temptation  
It's driven me mad  
Well you been good baby  
I'll be bad

Bridge:

I'm in heaven when I'm lovin' you  
I'm in heaven tell you what we'll do

Chorus:

Down in the passion pit  
Where everyone gets a hit  
Down in the passion pit  
Where everything seems to fit

Solo -

Chorus:

Down in the passion pit  
Where everyone gets a hit  
Down in the passion pit  
Where everything seems to fit

Chorus:

Down in the passion pit  
The passion pit  
Down in the passion pit  
Get a hit, get a hit
