

Lovex, If She's Near

I'm up against the best
'Cause whenever she is near
I'm my own worst enemy

Forbidden and so dangerous
But in spite of all we've been through, I can't flee

Ignite
I'm about to hit the floor
Right now
I shouldn't have begged for more
This fight
I fight against myself
This time
I'm gonna lose, so

Hold me down
I can't trust myself
If she's near
(Can't trust myself)
So please, take me out of

Here, right now
I can't trust myself
If she's near
(Can't trust myself)
So take me out of here

Somebody help me awake
I know this is surreal
And she makes me feel

Subconsciously self-destructive
Cause her lies are lethal but insanely seductive

This fight
I fight against myself
This time
I'm gonna lose, so

Hold me down
I can't trust myself
If she's near
(Can't trust myself)
So please, take me out of

Here, right now
I can't trust myself
If she's near
(Can't trust myself)
So take me out of here

Hold me down
I can't trust myself
If she's near
(Can't trust myself)
So please, take me out of

Here, right now
I can't trust myself
If she's near
(Can't trust myself)
So take me out of here
