## Lovin' Spoonful, Summer in the city

| <i>ı</i> n, ısn't it a pity [ |
|-------------------------------|
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
|                               |
