

Low, Diamond

if I'm not a lion
and I'm not an island
if time is the diamond
well alright
got a weak pair of lungs
from a childhood disease
will it ever come clean
well alright
tried to learn from the past
keep my fist in my mouth
but they just keep falling our
well alright
well alright
if I'm not a lion
and I'm not an island
if time is the diamond
well alright
well alright
