

Low, That's How You Sing Amazing Grace

I knew this girl when I was young
She took her spikes from everyone
One night she swallowed up the lake
That's how you sing amazing grace
Amazing grace
Amazing grace
It sounds like razors in my ears
That bell's been ringing now for years
Someday I'll give it all away
That's how you sing amazing grace
Oh, can you hear that sweet sweet sound
Yeah, I was lost but now I'm found
Sometimes there's nothing left to save
That's how you sing amazing grace
Amazing grace
That's how you sing amazing grace
