

LP, Angels

But i feel angels
Over me
I hear them sing
I love you more
I love you more
I love you more

I love you more
I love you more

It's only a case of denial
That messes with my inne child
But you bring out the best in me
And fill me with ecstasy
Like i heaven't seen in a while

When you are atround
It feels like angels
Over me
I never seen them before
But i feel angels
Over me
I hear them sing
I love you more
I love you more
I love you more

I love you more
I love you more
