

Luba, 'strength In Numbers'

No man is an island
yet we swim this sea alone
trying to make it to shore
on our own
but we can be better
we can better
whatever we'll weather
together you and I
there's strength in numbers
let's get together
you and I
there is strength in numbers
come on
come together
one house divided
will surely crumble and fall
but if we stand united
through it all
then we will be better
so much better
whatever we'll weather
together you and I
repeat chorus
we'll multiply
the force inside
then multiply
the power and the love
it's you and me
baby
repeat chorus
