

# Lubjan, Picture In The Sun

I'm fallin' down  
And my mind runs to you  
I am a picture in the sun  
Take it and hang it

In your room of blue  
Where I said goodbye  
I would like to flee from memory  
Do you think of me?  
Do you think of me?

Oh... but I still can hear you say  
That you don't love me...

If this story doesn't really matter  
What of all our days together?  
You said love can never last forever  
And I'll never feel the same again  
I'm a picture in the sun  
And I'll survive...

I'll go away  
With myself I will stay  
I am a picture in the sun  
Take me or sell me

Just one year ago  
You were holding me  
The sand was soft and warm under the moon  
The sea was over me  
The sea was in between

If this story doesn't really matter  
What of all our days together?  
You said love can never last forever  
And I'll never feel the same again  
I'm a picture in the sun  
And I'll survive...
