

# Luca Turilli, Demonheart

&quot;

Chorus:

CONFUTATIS MALEDICTIS  
TRAGEDY STORMS HIM  
WHEN DEMONS SPARE HER LIFE  
AND ALL DISCOVER  
SHE HAS A DEMONHEART...  
DEMONHEART!

Feeling trapped in with the slimy creatures,  
Now close to being killed  
She soon revealed her forgotten,  
Sad past  
First to herself  
They smelled her flesh ready to be devoured  
But something happened  
They moved away seeming to be frightened  
Sparing her life  
Shocked again she opened the gates of her tragic past  
And bloody images came back to her mind

She remembered the old mission  
The dark comet's goal beyond the suns  
...The flight through that black hole...

\*Chorus\*

She lived again in some frames of sorrow  
That evil journey  
Planned by the Arias' exploring section  
To find new worlds  
But all that they found beyond their system  
Was the black portal  
Depths of oblivion came back to their world  
Once they opened it  
Arkan and the other warriors who observed the scene could not feel the same way about that girl

He moved to her taking her hand  
Running away fast from his old friends  
...All for her...  
He loved her...

\*Chorus\*
