

Luca Turilli, To Magic Horizons

Welcome to shadow world far under northern skies
Mountains and raging seas, valleys and icy winds
Inter fulmina et in tenebris / mihi horror membra percipit
Quantum mortalia pectora / tora caecae noctis habent
Domine, domine, domine, domine
Gloria, gloria, gloria perpetua
Glory and majesty, triumph and victory
Legends and epic tales born between these dark lakes
For you a new one written with black blood...
