

Lucas Prata, Never Be Alone

I've waited a lifetime
For someone like you to come along
You are my lifeline
You're the one that saved my soul
There is nothing that can tear this love apart
Cause i knew you were my angel from the start
Baby you, you take my breath away
That's why you, you'll never be alone
Only you make my world a better place
That's why you, you'll never be alone
There's something about you
The way that i feel when we're alone
I can't live without you
I will never let you go
There is nothing that can tear this love apart
Cause I knew you were my angel from the start
Baby you, you take my breath away
That's why you, you'll never be alone
Only you make my world a better place
That's why you, you'll never be alone
