

Luce, Buy A Dog

I had a dream it was a good dream you were there and so was I
We were so happy I did not want to open up my eyes
And we were driving on a road it was a long one with signs all over saying
The signs said welcome to your life
I looked over you were smiling, you had a great big smile
You were going, you turned to me, you turned and you said
"All your life, all your life I got your back"
Got your back yeah

So if you wanna try, we'll make it you and I
We'll never be alone, we'll buy a dog and bring him home
He'll jump up on the bed, we'll be the best of friends
I think that we should try, a place for you and I

Ooh, I had another dream, I know you think how convenient, but I swear it is the truth
We were there yeah I was me and you were you
We had a good long life on this planet but with that
We went to heaven, saw that God is really helpless
Anyway our souls were in the right place, our souls were in the right place

So if you wanna try, we'll make it you and I
We'll never be alone, we'll buy a dog and bring him home
He'll jump up on the bed, we'll be the best of friends
I think that we should try, a place for you and I

And we'll take him on walks with us every day, underneath the summer sun
he can ride in the back of our car when we go away, with his head outside of the window frame
And his tongue out

So if you wanna try, we'll make it you and I
We'll never be alone, we'll buy a dog and bring him home
He'll jump up on the bed, we'll be the best of friends
I think that we should try, I think we should try

It's a miracle that we're even here and alive, here and alive

So if you wanna try, we'll make it you and I
We'll never be alone, we'll never be alone
We'll buy a dog and bring him home, we'll buy a dog and bring him home
