

Lucerin Blue, Game

It feels good to fall
Will you take my hand and jump with me
The air feels good on the way down
The look in your eyes
Please take me away

I've got to get out of this game

I wish I knew you better
This wouldn't have happened
I wish you knew me better
This shouldn't have happened

Can you see that I'm scared
The place we dreaded
Well we're finally here
The air felt good on the way down
The tears in your eyes
God take them away

I've got to get out of this game

I wish I knew you better
This wouldn't have happened
I wish you knew me better
This shouldn't have happened
