

Lucerin Blue, Man Made Weapon

As I build my weapon it destroys me

You lied to me
About where you were
Don't you lie to me
About what you saw
Don't you lie to me

Pick up your knife and hand it to someone else
Tonight
After the fight there will be lots of blood for everyone
Tonight

Was it you?
Who keeps funding this untimely operation
Then you find yourself walking breathing in the casing
Of the Man-Made weapon

It's in you its in me
Man Made Weapon
