Lucerin Blue, Man Made Weapon

As I build my weapon it destroys me

You lied to me About where you were Don't you lie to me About what you saw Don't you lie to me

Pick up your knife and hand it to someone else Tonight After the fight there will be lots of blood for everyone Tonight

Was it you? Who keeps funding this untimely operation Then you find yourself walking breathing in the casing Of the Man-Made weapon

It's in you its in me Man Made Weapon
