

Lucero, Ain't So Lonely

well she smiles oh so sweetly
and i ain't so lonely
and she acts just like she don't need me
and i ain't so lonely
we drive down to the corner drug store
and i ain't so lonely
coca-cola pills; take a few more
and i ain't so lonely
it's been a while since i was nineteen
been a while since i've seen myself act like such a fool
how long must this go on tonight?
by myself on a long drive home
and i ain't so lonely
'cause i like hearing the sad songs
