

Lucero, All The Same To Me

well i know
it won't last long
it's all the same to me
'cause when you try and make it stay
that's when it surely slips away
from the start
it came from my heart
it's all the same to me
from the start
it fell apart
it's all the same to me
'cause when you try and make it stay
that's when it surely slips away
