

# Lucero, Drink 'Til We're Gone

life is short  
in spite of your plans  
so, tell the girls they're pretty while you can  
one day they're gone  
and all you got left is  
some empty bottles and an old country song  
that plays on and on  
i wasted my time with these cigarettes  
and these ashes all i've got left  
wash this old town  
nothings left for me  
washed down stream into the sea  
this big ol' river will kill us in time  
'til then we'll drink it's weight  
in cheap beer and wine  
we can drink just as fast as the river is strong  
and we'll drink 'til we're gone.  
we'll drink 'til we're gone.
