

# Luciano, Life

I can't believe that it's true  
what man is planning to do yeah  
trying to control the world  
bit in the end they lose their soul  
mankind is obsessed with misconceptions  
still trying to find paradise in their disillusion

"[Chorus]"

I say life,  
life is what you make it some say  
but I know that Jah has a role to play  
I say life  
life is what you make it some say  
but I know that Jah has a role to play

Some may get weary and down  
cause they are living without  
due to the master of all  
so one by one they will fall  
until they learn to respect an honour  
and work hand and heart with the creator

"[Chorus]"

Live could be easier  
if we could learn  
to follow the footsteps  
of the father any way we go

"[Chorus]"

who makes the billows roll  
and who keeps the stars in control  
who makes the sun shine so bright  
who makes the ant crawl and bite  
only he the great one, Alpha and Omega  
is it Satan sustain us in this dispensation

"[Chorus]"
