

Luciano, Love Will Make It

<p>Death comes knocking at my doorway
Asking which religion do you preach.
Not that it matters, Not that I care.

<p>Peace will linger in the distance
As justice sees it's final dawn,
Not that surprising, look where we're going.

<p>Chorus:
Love will make it through the night
Knowing everything is right as angels.
Come to my rescue.

<p>Love will make it (Love will make it)
Love, Love, Love, Love (Love yay)

<p>Deceptive times are now upon us,
The music stocked but left us this song.
Black magic & mystery, ambitions of history.

<p>Chorus:
Love will make it through the night
Knowing everything is right as angels.
Come to my rescue. (Come to my rescue)

<p>I know (I know), I know (I know)
Love will make it through.
I know (I know), I know (I know)
Love will be there. (Will be there)

<p>Peace will linger in the distance
As justice sees it's final dawn,
Not that surprising, look where we're going.

<p>Love will make it through the night
Knowing everything is right as angels.
Come to my rescue. (Come to my rescue)

<p>Love will make it (Love will make it)
Love will make it (Love will make it)
Love will make, Love will Make it. (Love will make it)
