## Luciano, Love Will Make It

<p&gt;Death comes knocking at my doorway Asking which religion do you preach. Not that it matters, Not that I care.

<p&gt;Peace will linger in the distance As justice sees it's final dawn, Not that surprising, look where we're going.

<p&gt;&lt;b&gt;Chorus:&lt;/b&gt; Love will make it through the night Knowing everything is right as angels. Come to my rescue.

<p&gt;Love will make it (Love will make it) Love, Love, Love, Love (Love yay)

<p&gt;Deceptive times are now upon us, The music stocked but left us this song. Black magic & mystery, ambitions of history.

<p&gt;&lt;b&gt;Chorus:&lt;/b&gt; Love will make it through the night Knowing everything is right as angels. Come to my rescue. (Come to my rescue)

<p&gt;I know (I know), I know (I know) Love will make it through. I know (I know), I know (I know) Love will be there. (Will be there)

<p&gt;Peace will linger in the distance As justice sees it's final dawn, Not that surprising, look where we're going.

<p&gt;Love will make it through the night Knowing everything is right as angels. Come to my rescue. (Come to my rescue)

<p&gt;Love will make it (Love will make it) Love will make it (Love will make it) Love will make, Love will Make it. (Love will make it)
