

# Luciferion, Blasphemer

[SODOM cover version]

Black metal is the game I play  
Cause no one shows me  
The right way  
I'm bloody antichrist  
Only believe in bad  
Spit at the church evil I get  
Blasphemer!

[Refrain]  
Rites of death return to hell  
I'm Satan's child: attack with spell

I turn the cross upside down  
And read the satanic bible  
With a fuckin groan  
My life begins at midnight twelve  
Masturbate and kill myself  
Blasphemer!

[Refrain]  
I love to drink my own blood  
My sin is my life  
In the war agains God  
I talk to demons night tonight  
Make fuck and black masses  
For eternal life  
Blasphemer!

[Refrain]  
Blasphemer!
