

# Lucinda Williams, Essence

Baby, sweet baby, you're my drug  
Come on and let me taste your stuff

Baby, sweet baby, bring me your gift  
What surprise you gonna hit me with

[Refrain:]

I am waiting here for more  
I am waiting by your door  
I am waiting on your back steps  
I am waiting in my car  
I am waiting at this bar  
I am waiting for your essence

Baby, sweet baby, whisper my name  
Shoot your love into my vein

Baby, sweet baby, kiss me hard  
Make me wonder who's in charge

[Refrain]

Baby, sweet baby, I wanna feel your breath  
Even though you like to flirt with death

Baby, sweet baby, can't get enough  
Please come find me and help me get fucked up

[Refrain]

Your essence
