

Lucinda Williams, Like A Rose

It's okay you don't have to be afraid
There's nothing to worry about
Cuz we got it made

It's just a simple matter of
Letting me into love
If you let that feeling come over you
Than there's nothing more that you can do
Just let it go
Let it go

If it's love you want
Hold out your arms
It's alright here
It's safe and warm
It's okay to feel good
That's the way it should be

Everything we have is fresh and new
I will open myself up to you
Like a rose
Like a rose

Everything we have is fresh and new
I will open myself up to you
Like a rose
Like a rose
