Lucinda Williams, Metal Firecracker

Once we rode together In a metal firecracker You told me I was your queen You told me I was your biker You told me I was your everything Once I was in your blood And you were obsessed with me You wanted to paint my picture You wanted to undress me You wanted to see me in your future All I ask Don't tell anybody the secrets Don't tell anybody the secrets I told you All I ask Don't tell anybody the secrets Don't tell anybody the secrets I told you

Once you held me so tight I thought I'd lose my mind You said I rocked your world You said it was for all time You said that I would always be your girl We'd put on ZZ Top And turn em up real loud I used to think you were strong I used to think you were proud I used to think nothing could go wrong All I ask Don't tell anybody the secrets Don't tell anybody the secrets I told you All I ask Don't tell anybody the secrets I told you
