

Lucinda Williams, One Night Stand

Just another one night stand
Just another man to forget
Just another empty hand
With nothin' left to bet

It doesn't really matter what i say
There's no one here to blame
I'll just close the door and walk away
Let down once again
I can't even say you lied to me
'Cause you ain't said nothin' yet
You never even tried for me
There's nothin' to regret

Just another one night stand
Just another man to forget
Just another empty hand
With nothin' left to bet

I'd like to speak to you someday
But the words won't come out right
How can it feel so wrong today
When it felt so right last night
I claim no hold on anyone
No silken strings to bind
No promises unbroken
No messages to find

Just another one night stand
Just another man to forget
Just another empty hand
With nothin' left to bet
