

Lucky 7, Be The One

As I think about the past
and all the fun we had
eating at denny's after 3
and watching the real world on mtv

and I'd take you to the shows where everybody goes
I'd tattoo your name on my sleeve cuz babe my love's so true
and you'll be the one I sing this song to
cuz all I wanna do is share my life with you

and I'd take you to the coast
to the places you love the most
in a chop top caddy on the scene
cruising like a limosine
and we'd walk along the sand
and I'll put a ring upon your hand
it's you and me through eternity cuz babe my love's so true
and you'll be the one I sing this song to
cuz all i wanna do is share my life with you
