## Lucky Boys Confusion, Do You Miss Me (Killians)

It's half past ten, no sign of cops the barrels going strong Three more beers I'm sure'll make me feel like I belong And everyone here reminds there's no point in going home And everything there reminds me that I'm still alone

You got your secrets reasons why you said it's over That was my ticket to never again be really sober I'm so divided holding on while cursing you But unlike you right now I got nothing to prove

The radio plays our favorite song it's what keeps me holding on Baby do you miss me now that I'm gone Do you miss me I remember the day that you told me you wanted to find another man Now I hear you cry every time we play Arizona Stand Now I'm standing here with 50 of my friends and a keg of Killians And you're at home with your Ani Difranco tapes again
