

Lucky Boys Confusion, Dumb Pop Song

I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girl

I went to my boys house I met his sister
I knew right then I had to get with her
She had a boyfriend he wasn't worthy
His friends all say he's a wannabe jockie
I know that this might be wrong but

I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girl
I know I will steal your girlfriend
I know I will steal your girl

I don't really know her; her boyfriend's richer
But I find her smile so irresistible
She's a little younger, but I like that
Her brother thinks that I got a chance
I know this might be wrong but

I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girl
I know I will steal your girlfriend
I know I will steal your girl!

We call her the gang queen (gang queen)
And I can deal with her mood swings
She thinks animals are vibrating
It's just a stupid piece of technology

I know this'll be a big challenge but
I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girlfriend
I'm gonna steal your girl
I know I will steal your girlfriend
I know I will steal your bitch!
