

Lucky Dube, Kiss No Frog

She wanted to be
Like her mother in many ways
The way she walks
The way she smiles
Over and above all
The way she brushes her hair back
She heard it all being said to her
Saw it all happening in her life
Like every woman
She's been trapped in this
Fairy tale
Find a frog, kiss it,
And hope it would turn
Into a handsome prince
How many frogs has she kissed
In her life?
None of them turned into
A handsome prince
The little girl made a decision
In her life ohh
And she promised to keep it

Chorus:
I'm gonna kiss no frog

Everything went
The way she wanted
Every dream was what she wanted
But when it came to finding someone
To spend her life with
Same old story

Find a frog, kiss it
And hope it'll turn into a prince ohh
Better to be alone and happy
Than being with someone
And be unhappy
All your life

Chorus:
I'm gonna kiss no frog
till fade
