

Lucky Twice, No Friend Of Mine

You said your love was forever true
I was a fool to believe in you
Cause now youre spreading rumors and telling lies
Youre just a cheater with puppy eyes
So say goodbye, cause Im gonna make you cry
I get a kick out of hating you
Youre a no good brother, aint no friend of mine
I get a kick out of breaking you
Youre a mean black adder, poison on your tounge
And everybodys gonna know, everybodys gonna see
That you lie and walk away
And everybodys gonna hear, , everybodys gonna feel
That its time to make you pay
Youre like the summer that never came
Promised me sunshine but gave me rain
You said, I'm gonna catch you I'll be around
I fell for you and I hit the ground
So say goodbye, cause Im gonna make you cry
I get a kick out of hating you
Youre a no good brother, aint no friend of mine
I get a kick out of breaking you
Youre a mean black adder, poison on your tounge
And everybodys gonna know, everybodys gonna see
That you lie and walk away
And everybodys gonna hear, , everybodys gonna feel
That its time to make you pay
