

Lucy Hale, You Sound Good to Me

The full moon
Is shining like a spotlight
I could just sit and listen to you talkin' all night
When you whisper
Yeah, baby, when you lean in
I get a crazy, crazy good kind of feelin'

It's like Amen from the back of the choir
Sweet home of freedom underneath the tires
Kicked back sittin' by a cracklin' fire
Strumming them guitar strings
And like an old song on the radio
That you grew up to and everybody knows
Rushin' of the water when the river rolls
Winding wild and free

Baby, you sound good to me
Baby, you sound so good to me
Like a melody
Baby, you sound good to me

Tell me all of your stories
And don't you leave nothin' out 'cause baby, I ain't in a hurry
Every little thing you say
Got a real nice ring to it
The way it rolls off your lips
And oh, when you give me that kiss

It's like Amen from the back of the choir
Sweet home of freedom underneath the tires
Kicked back sittin' by a cracklin' fire
Strumming them guitar strings
Like an old song on the radio
That you grew up to and everybody knows
Rushin' of the water when the river rolls
Winding wild and free

Baby, you sound good to me
Baby, you sound so good to me
Like a melody
Baby, you sound good to me

Baby, you sound good to me
Baby, you sound so good to me
Like a melody
Baby, mm-mm

Like an Amen from the back of the choir
Sweet home of freedom underneath the tires
Kicked back sittin' by a cracklin' fire
Strumming them guitar strings
Like an old song on the radio
That you grew up to and everybody knows
Rushin' of the water when the river rolls
Winding wild and free

Baby, you sound good to me
Baby, you sound so good to me
Like a melody
Baby, you sound good (sound so good)

Baby, you sound good to me (sound so good)
Baby, you sound so good to me (sound so good)
Like a melody

Baby, you sound good to me.
