

Lucy Pearl, Everyday

Yes I'm coming over now
I've been waiting all day long
I feel like you know what's going on
You've always given me some greater times
Here's my only one request
Don't ever stop giving me your best

Ever day, every day, every day, every day
Is a better day
That's when you come around my way
Every night, every night, every night, every night
Is a better night
That's when we get time to play

Every night I want to play with you
You have me under lock and key
Well this is where I want to be now
Tonight I'm giving you the best of me
I promise I will not hold back
You can count on me to bring it on

Ever day, every day, every day, every day
Is a better day
That's when you come around my way
Every night, every night, every night, every night
Is a better night
That's when we get time to play

Every day is a better day
Every day's a special day
You and me we both make it that way
Every night's a better night
That's why, that's why
I love to say that every day

Ever day, every day, every day, every day
Is a better day
That's when you come around my way
Every night, every night, every night, every night
Is a better night
That's when we get time to play
