Lucy Rose, Like an Arrow

Won't you comfort me I don't feel like myself lately Won't you stay with me When you're gone my vision's hazy 'Cause I was made for you We were made by two

We took our chance And we flew Like an arrow, like an arrow We came to our sense to soar Like an arrow, like an arrow

Won't you comfort me Talk to me, you speak so sweetly Won't you stay with me Nights are short when you are near me

'Cause I was made for you We were made by two

We took our chance And we flew Like an arrow, like an arrow We came to our sense to soar Like an arrow, like an arrow

We took our chance And we flew Like an arrow, like an arrow We came to our sense to soar Like an arrow, like an arrow

I am on your side I will comfort you I'm in love with you

We took our chance And we flew Like an arrow, like an arrow We came to our sense to soar Like an arrow

We took our chance And we flew Like an arrow, like an arrow We came to our sense to soar Like an arrow, like an arrow /2x
