

Lucy Street, Loves Me Loves Me Not

Ah aha ah aha ah aha

If he told me in a letter
I could read between the lines
And if he whispered softly on the phone
I could hear it in his voice

But he won't tell me nothing
That I already know
And I really need that something
Boy I wish that he would show

If he loves me loves me not
I got to know
Because I need my baby
Loves me loves me not
I got to know
Because I need my baby tonight

(Ah aha ah aha ah aha ah)
Because I need my baby tonight

We go round and round in circles
Only wasting precious time
If only he would tell the truth
Instead of tearing up my heart

But he won't tell me nothing
And boy I wish that he would show

If he loves me loves me not
I got to know
Because I need my baby
Loves me loves me not
I got to know
Because I need my baby tonight

(Ah aha ah aha ah aha ah)
Because I need my baby tonight
(Ah aha ah aha ah aha ah)
Because I need my baby tonight

Is this just a big illusion (illusion)
That makes me fall into confusion

I got .
If he loves me loves me not
I got to know
Because I need my baby
Loves me loves me not
I got to know
Because I need my

If he loves me loves me not
I got to know
Because I need my baby
Loves me loves me not
I got to know
Because I need my baby

(Ah aha ah aha ah aha ah)
(But he loves me loves me yeah yeah)
(Ah aha ah aha ah aha ah)
Because I need my baby tonight

(Ah aha ah aha ah aha ah)
Because I need my baby tonight
