You lookin at a man that would die for his daughter, just to let her breathe And I'd definitely die for Jesus cause he died for me Give my eyes to Stevie Wonder just to see what he's seen But then I'd take 'em right back to see Martin Luther's dream I'd dream that I could tell Martin Luther we made it But half of my black brothers are still incarcerated Locked up in a cell block, lost from the shell shock Some sold they soul, others used to sell rocks Look up in my mailbox, I get letters from my cuz and every week said he wanna hit the streets But he never struck a deal cause his mouth will never squeal Put some money on his books and help him out with his appeal Send some pictures of the fam and nasty pics of Shawnna If you ever have to leave I got your mother AND your daughter Born in this way of livin and our youth is stuck To be safe it's safe to say the justice system's FUCKED up!

If you doin 25 to life - stay up homie
I got your money on ice so - stay up homie
If you locked in the box keep makin it through
Do your time (do your time) don't let your time do you
All my peoples in the pit - stay up homie
And until you hit the bricks - stay up homie
If you locked in the box keep makin it through
Do your time (do your time) don't let your time do you
