Stand there and just get shook out your shoe
So clean out your locker Im out to get ya
Because I just popped ya you cant take the pressure
You might as well quit cause you just cant last
Madden 2 thou. put your face in the grass
And your cryin in the dirt so put on a skirt
If you come on the field and dont wanna get hurt
Just bruised and beaten all black and blue
And its been like that since Madden '92

You better come harder than hard, rougher than rough
BLOAH
