I came to party like tonight will never end
Let's party again!
Let's party again!
Yeah, I came to party like tonight will never end
Let's party again!
Let's party again!
Let's party again!

I need party girls in my party world
Tities plastic, ass fantastic
They just brush my hair, and touch me everywhere
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
Naked, say shit, and maybe getting naked
(We're alright!)
I don't, I don't say shit, and maybe getting naked

It's your world and I'mma touch wherever you want me to touch!
Pop that, pop that and you'll be busting them nuts when you wanna bust
So don't rush momma, let me take my time and do it slow
From the car to the .. to the bed, to the couch, to the turn, to the floor
No, oh, could it be that the G really got you...
I lost my count, baby, how many did I make you come
Run, run, run, run from a nigga till you can't no more, like Forest Gump!
Then it's most she gets, if it's most she wants
She spoiled rotten like bad milk
Get her hot, cause I make that ass milk
She with, cause she love getting whipped in the whip
And I'mma black belt, I beat the pussy to pieces
Never letting the cat of the leashes
And I go so deep, they're telling me all of their deepest and darker secrets, yeah!

I need party girls in my party world*
Tities plastic, ass fantastic
They just brush my hair, and touch me everywhere
(I like that!)
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
Naked, say shit, and maybe getting naked
(We're alright!)
I don't, I don't say shit, and maybe getting naked

Throw some ones on that
Get your waters on water park, I'mma ... with that
Make you come back, the back you go, bust like the...
Like pow pow brr, pow pow brr
My bitch be getting down
Nigga, how about yours?
So turned up, when we're in the club, we don't even need a molly
Doing so much over this quarter.... we was fucking in the party
My lungs filled with Marley, my hands on your body
And I'm going so deep, I'm just letting you know
That it's me, I got your face all in the pill, all against me!

I need party girls in my party world*
Tities plastic, ass fantastic

They just brush my hair, and touch me everywhere
(I like that!)
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
I don't say shit, and maybe getting naked
(We're alright!)
Naked, say shit, and maybe getting naked
(We're alright!)
I don't, I don't say shit, and maybe getting naked

I came to party like tonight will never end
Let's party again!
Let's party again!
Yeah, I came to party like tonight will never end
Let's party again!
Let's party again!
Let's party again!
