

# Ludo, Hello, My Name Is Your T.V.

Hello, my name is your T.V.  
We've been together so long  
So many memories  
We solved so many problems  
Situated comedies  
I fed you ads and movie stars  
And you always fell asleep  
In my color bars, but there's this

World outside where the lighting's off  
Scenes last too long and you lose the plot  
All the girls, they lie and they break your heart  
And nothing's done when the streets go dark  
Here, see California, where pretty people dream

And the good guy gets the girl by the sunny sea

And when they'd yell upstairs, you'd cry  
Little boy inside their lies  
In the dark I'd watch your eyes  
And I know the way they laugh  
The jackals feast behind your back  
Here you hide, but still they stab  
In the dark I feel you die in that

World outside where the lighting's off  
Scenes last too long and you lose the plot  
All the girls, they lie and they break your heart  
And nothing's done when the streets go dark  
Here, see California, where pretty people dream

Now see that icy vacant lot where they made your nose bleed  
The flannel spread, the heater on  
The world is dead, the sun is gone, here take my hand, I'll take you home  
You'll never have to be alone  
The picture's warping slowly, the scrolling seems unending  
The snowy edges blurring, the bars between us bending  
Feel you start to breathe, you are alive inside of me  
Forever tan and strong and loved, you'll never bleed again  
In dreamy California scenes where bad guys meet their destiny  
And the good guy gets the girl by the sunny sea
