

# Lugnut, Rock City

we went to deep GA. to play a show  
4 -hour struggle and none showed  
all the time listening to the radio  
got there and no one showed

(chorus)

we're coming home. it's all right. there ain't no worries tonite

double extra l.a.r.g.e. passed out  
o.j.'s feet smelling like rotten trout  
or the mullets on skeet's refrigerator  
ooh well, got a foosball table

(chorus)

seems like 100 days straight that i'm on the road  
you say it's hard on you when i'm not home  
live inside this little world but i can't see so clearly  
you call me up, i bring you down, 16 more days in this town  
another night, it's going down and i got nothing to lose

(chorus)
