

Lugnut, Rock Your Pants Off

and the show starts with a bang tonite
with little O.J, on the bass drum lookout
Steve flies out into the crowd
unlike Superman he'll hit the ground
Jeremie and Chris with the happy feet
dancing around to all the beats
another 10 steps forward 10 steps back
who's gonna be there when you have a heart attack?

(chorus)
we're gonna rock tonite, we're gonna rock your pant's off
