

# Luis Rios AKA El Rey, Westbury High

This Westbury High  
its as tall as da sky  
niggaz still wanna fly  
but you cant with all the time  
no time to sit and wait  
stand up and make a change  
if you dont youll never make  
no difference in people faith  
cause this is a life and death race  
looking who to hate  
but dont hate on the late  
that not with you and the pace  
cause niggaz are on their rollerskates  
while others are watching parades  
Here on Westbury we got a new building  
this new principal is worth nothing all he do is just chillin  
while niggaz in school are plannin bout killin  
if you bring a gun to school who with me  
nobody nigga cause nobody want to get hit with  
all will be hidden  
that nigga Chief get on my f\*\*ken nerves  
bout to bust this f\*\*ken bird  
run him over and do da curve  
pop trunk and what you heard  
one lunch is kinda stupid  
when is it gonna get humid  
cause no love from cupid  
means no love from men and women  
cause i always pray to jesus

to tell people why they hate  
cause most of these niggaz they havent felt my chains  
cause im imprisoned in a place  
inside my state of mind  
cause i dont know why they hate me  
they always say wrong to right  
they never say positive  
they say da negative  
but when i came to school  
i showed them i was sensitive  
if you f\*\*k with my raza  
you f\*\*k with my gente  
stop chingando modaf\*\*ka  
i got my cuete  
sorry for da problems i cause in Westbury  
used to hand with gangstas with that blue that would bury  
any body wanted to fight  
we would send off their lights  
knock them like some homies  
ready for them fights  
but then i got out  
thats when my life changed  
niggaz started respectin  
and gettin range  
this is how i end it  
and how i spend it  
Westbury High School  
no sett trippin reckless
