

Luisa Fernandez, Lay Love On You

Oh
sugar
can't you see the way I feel
My head is spinning and it's real
The love I have for you
Oh
baby
don't make it harder than it is
I'm longing for your tender kiss
Be close to you
Lay love on you
I burn when you touch me
Big heart be true
Don't set me free
Sweet things you do
Could scream when you love me
Lay love on you
Lay love on me
Oh
darling
the truth is plain to see
Gotta have your fragrance near to me
To hold you tenderly
Oh
angel
please stop this hurting deep inside
Just show your fondness
please be kind
So kind to me
Lay love on you . . .
