[Big Pun]

Is me Pun ma' let me ask you a question  
Can I eat some pussy, I know you got a lot of it uh-ha  
Mami I like it wet, yummy yummy let me bite your clit  
Wipe the tip of your nipples down with ice and shit  
Fight your hips is the ghetto moving  
I leave you wet an soaking  
Once I start licking and stroking  
I put my dick in your throat and start soaking your glands  
Baby open your pants, I'm about to give you an oral exam  
One in a man I'm a fucking machine  
Busting your spleen  
Guarantee not to bust through your screen, (where the party at)  
In my crib nigga, make sure they over eighteen  
I aint trying to catch a bid nigga  
Underage I won't allow it  
Especially with these high schools of culos like  
Medina Howard  
I bought a bottle like Master P, that should last for me  
I'm a Don with a massive key  
Actually were here on Luke's train  
Fast a hundred proof Gin, an to the motherfucking roof end
