

Lullacry, Bonfires Of Time

From here to a lie it sends you away
Can you get it back tomorrow or today
You stole the dream that wasn't yours
Locked inside, behind closed doors
You stole the dream that kept me awake
and crushed my heart

It's never too late
to let the bonfires of time
to make you, to make you mine

Can't open mysteries with hollow way
It just feeds the midnight and kills the day
You stole the dream that kept me awake
and crushed my heart

It's never too late
to let the bonfires of time
to make you, to make you mine

It's never too late
to let the bonfires of time
to make you, to make you mine

It's the rush you love
All colors turn to black

It's never too late
to let the bonfires of time
to make you, to make you mine

It's never too late
to let the bonfires of time
to make you, to make you mine

make you mine

make you mine
