

Lullacry, Heart Shaped Scars

Just to capture your heartbeat
Helps me to forget the pain
Baby you make me feel complete
You are the one

And by your side
I strip my pride
You are the one

Im lost for words
Its written in my eyes
Youre all I want, youre the one

All the words on this earth
Lose their meaning when Im with you
I Love you, for what its worth
You are the one

Im lost for words
Its written in my eyes
Youre all I want, youre the one
I dont mind if it hurts
Heart shaped scars
Youre all I want, Youre the one
