

Lullacry, I Don't Mind

Trapped inside this void
of hopes and dreams
I gave everything to you
And you know that it's true

How can we keep this feeling
when our love is gone
I don't think that
I have any faith left
But I don't mind

Feeling guilty, but it's not me who gave it all away

How can we keep this feeling
when our love is gone
I don't think that
I have any faith left

How can we keep this feeling
when our love is gone
I don't think that
I have any faith left
But I don't mind

I don't mind

Trapped inside this void
of hopes and dreams
I gave you everything
And you know that it's true

But I don't mind

But I don't mind

How can we keep this feeling
when our love is gone
I don't think that
I have any faith left

How can we keep this feeling
when our love is gone
I don't think that
I have any faith left
But I don't mind
